

Calling All 3rd, 4th, and 5th Grade Engineers at **DAVIDSONVILLE ELEMENTARY**

Join us for an 8 week exploration of
SOFTWARE ENGINEERING: SCRATCH VIDEO SENSING

Wednesdays, October 19-December 14 (no class 11/23)

8:00am-9:00am

Cost: \$125

What's more fun than playing an interactive video game? Writing one! Video sensing allows students to design and program their own video games and then test them by interacting with the program via webcam. In this Scratch program, students work together to create their own games, art, and musical instruments while exploring coding foundations. Get up and get moving with Engineering for Kids and Scratch: Video Sensing!
