

Green School Club

Sign up & Make a Difference

We have an exciting year planned for the Green School Club.

Whether it's enhancing DES' recycling program, making and installing blue bird houses, building a robust composting system, or meeting baby terrapins, this year our students will lead the way to a GREENER future for our school and community. We have partnered with a local farm to explore sustainable farming and how each one of us can make a small but impactful difference in our community. (For experiences planned outside of the school grounds, we will have special permission slips for these activities.)

Green School Club meetings will meet on the first and third Wednesdays of the month immediately BEFORE school, drop off will be at 8:15AM. Our first meeting is on October 3rd.

If you are interested in having your child participate in this club, fill out the attached information form and return to the office by Friday, September 28th.

Parent volunteers are needed! Please indicate below if you are able to assist. If you have any questions, I can be contacted at sheilamnorman@yahoo.com
